Dear Ms. Stoner,

Once again, thank you for meeting with me, Marquette and Big Bay residents and Keweenaw Bay Indian Community members last Tuesday.. The attached letter fleshes out our requests and concerns.. In it, due to the urgent nature of this matter with blasting slated to begin into Eagle Rock on September 14, we request a response no later than September 12.. NWF, KBIC and additional parties have requested a stay of Rio Tinto's permits to halt the scheduled blasting; the hearing is scheduled for September 14, and of course, the outcome of the request will not be known until the hearing..

It was a pleasure to meet you.. Feel free to contact me anytime regarding this matter.

Best, Michelle
